

# Ishida Uni-7 Label Printer

Compact Labeler with Color Touchscreen

Designed for bakery and floral departments the Uni-7 line offers its own set of unique features. Starting with the color touchscreen, users can also customize the customer display with their own color photos.

The Uni-7 prints all legally required ingredient and nutritional information, and supports multiple label formats. Networking capabilities help provide consistent and accurate labeling.

A full-color touchscreen, sleek design, and custom label features make the Uni-7 ideal for versatile labeling needs.

Label batching feature increases productivity by accumulating and printing multiple labels for multiple items. The Uni-7 also operates in several different languages.
